Approved For Release 2002/06/14 : CIA-RDP82-00357R000200010009-4

29 March 1979

MEMORANDUM FOR: [REDACTED] PRS
THROUGH : [REDACTED] Chief, CD
FROM : [REDACTED], Chief, SRB
SUBJECT : HHB [REDACTED] Central Emergency and
Locator System

25X1A9A

25X1A

1. I recommend that the following editorial changes be made in the proposed revision of HHB [REDACTED] submitted to us by the Regulations Control Branch for final review:

25X1A

Page 24 - The "Interpretation" text should be justified under the specific column for "Interpretation".

Page 25 - On bottom line, it is suggested that the date example be updated as shown.

Page 30 - *Delete last line, i.e., "MAGAZINE Magazine Building"*
Page 34 - The addition of the word "only" is recommended for line 12 (as shown) and the use of italics for line 12 and 13 (except for parenthetical enclosure).

Page 41 - Delete the code "SU" for "Subject (Himself or Herself)". The code is not used in CEMLOC although it is a valid code in certain Security systems.

Figures 1, 4, 6, 8 and 9 - Change the limitation category shown in example to "1" since the category "2" is no longer used. In figure 6, change is needed in two (2) places. In figure 9, change is needed in two (2) places plus deletion of six (6) words in the balloon text no longer applicable.

Administrative - Internal Use Only
When separated from attachments

- 2 -

2. It is also requested that 175 extra copies of the handbook be printed above and beyond the copy requirements for regular distribution. The added copies will be given to component locator desks, (they seldom receive a component's handbook since the latter is filed with component regulations, etc.). The remaining 75 copies will be used for upcoming skills sessions as class text.
